PROFILE SUMMARY

A backend web developer, with more than 1 year of experience in developing web applications using PHP with Laravel framework. Skilled in time management, team collaboration, analytical thinking and project management. Expertise in developing and maintaining ecommerce and education websites and management systems using PHP Laravel, MySQL, HTML, CSS, jQuery with Bootstrap.

CAREER OBJECTIVE

As an ambitious web developer, my professional goal is to use my knowledge of PHP and the Laravel framework to create unique and effective websites. Making dynamic, user-friendly websites that improve users' online experiences is something I'm enthusiastic about. I hope to play a key part in advancing success and growth in the digital sphere by always learning and keeping up with the most recent trends and technology.
